Of the City of Mount Vernon
City Hall, Mount Vernon, New York

RE: Contract Amendment Request - Outfall 24 – Sewer System Cleaning and Inspection: Project 122022-1

I, Damani Bush, Commissioner of Public Works respectfully request legislation authorizing the Mayor to amend the agreement with National Water Main Cleaning Company to extend the end date to March 31, 2025.

Outfall 24 – Sewer System Cleaning and Inspection: Project 122022-1 was awarded to National Water Main Cleaning Company, 1806 Newark Turnpike, Kearny, New Jersey 07032. They were accepted as the low bidder for **\$1,661,800**, and it was approved on 5/2/2023.

This work is for the cleaning and inspection of all sewers within the area known as the Outfall 24 drainage area. There are more sewers in this area than originally expected and the work is currently 80% complete. The end date of this one-year agreement is January 31, 2024. The City sewer system Consent Order requires that this work be completed by May 2025. It is requested that the end date of the contract be extended from January 31, 2025 to March 31, 2025.

Respectfully,

Damani Bush
